Re: BP Canada Energy Group ULC – Ephesus Prospect ROV Survey 2019 to 2024 Environmental Assessment

On February 20th, 2019, BP Canada Energy Group ULC (BP) submitted to the Canada-Newfoundland and Labrador Offshore Petroleum Board (C-NLOPB) an environmental assessment report for the proposed remotely operated vehicle (ROV) survey at potential drilling locations on ELs 1145, 1146 and/or EL 1148 in the Eastern Area of the Canada-Newfoundland and Labrador Offshore Area from 2019 until 2024. The enclosed report, *Ephesus Prospect ROV Survey (2019-2024) Environmental Assessment Report* (Stantec February 2019) describes these activities for this area.

The environmental assessment report was completed in accordance with the scoping document prepared by the C-NLOPB on February 8, 2019.

Please review the enclosed environmental assessment report and forward comments to me no later than **March 26, 2019.** If no comments are received by this date then the C-NLOPB will assume that your department or agency has no comments. If you have any questions regarding the environmental assessment report, you may contact me at 709-778-1431 or by email at dhicks@cnlopb.ca.

Yours truly,
