Subject: Request for Review: MKI EA Addendum for Seismic and Environmental Data Collection

CAUTION: This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Hello everyone,

I hope this message finds you well. We greatly appreciate the feedback you provided in fall 2025 on MultiKlient Invest (MKI)'s Environmental Assessment Report for the "Newfoundland Offshore Seismic and Environmental Data Collection Program 2026-2030".

On April 1, 2026, MKI submitted an addendum to the environmental assessment report, which specifically addresses the review comments that were forwarded to MKI in November 2025. We are reaching out now to request your review of this addendum and to determine whether you feel the responses provided by MKI have satisfactorily addressed the concerns previously raised.

For your convenience, the EA Addendum Report and the project registry can be accessed at the following links:

Thank you in advance for your time reviewing this document. We would appreciate any additional feedback or concurrence **by May 12, 2026.** If you have questions or need further information, please don't hesitate to contact me.

Best regards,

Melissa Moss
