The enclosed report, *Ephesus Prospect ROV Survey (2019-2024) Environmental Assessment Report* (Stantec February 2019) describes these activities for this area.

The environmental assessment report was completed in accordance with the scoping document prepared by the C-NLOPB on February 8, 2019.

Please review the enclosed environmental assessment report and forward comments to me no later than **March 26, 2019.** If no comments are received by this date then the C-NLOPB will assume that your department or agency has no comments.
